### Objective

---

Software development student passionate about building interactive experiences and telling stories through technology. Seeking opportunities in web design, game development, or data-driven journalism where I can apply my coding skills, creative problem-solving, and collaborative spirit to meaningful projects.

### Experience

---

**Intercultural Student Assistant**, *Intercultural Dept., College of DuPage* 06/2024 – Present

- Designed and executed promotional materials & campaigns advancing the department's core tenets.
- Planned and promoted collaborative events fostering academic, social, and cross-cultural engagement.
- Actively engaged students, connecting them with campus resources and support services.

**Ambassador Captain**, *College of DuPage* 08/2024 – Present

- Directed campus tours & recruitment events for diverse prospective student groups.
- Liaised between Admissions staff and ambassadors, ensuring seamless communication and event execution.
- Represented the college as a primary point of contact at high-profile admissions activities.

**AI Evaluator**, *Outlier AI* 05/2024 – 08/2024

- Performed routine quality assessments of AI-generated outputs against defined criteria.
- Maintained consistent attention to detail in a high-volume, remote workflow.

### Education

---

**Software Development A.A.S.**, *College of DuPage* 08/2023 – Present

My education has equipped me with essential programming and database management skills. I have earned a Microsoft Office Specialist (MOS) certification.

### Skills & Abilities

---

- |                                     |  |
|-------------------------------------|--|
| • Web Development & Design          | • Leadership                           |
| • Microsoft Office Specialist (MOS) | • Programming: Python, JavaScript, SQL |

### Leadership

---

I actively engage in my community and campus, founding the "Fine Arts Studio" club, serving as a peer mentor for new students, and participating as a student panelist for high schoolers. I also helped organize a charity bazaar for UNICEF, in collaboration with other student orgs, that united local businesses and community organizations.
